# Silent Letters

## Spelling and word patterns

### True or False

Some English words have silent letters that are written but not pronounced:

**Silent K** (kn): know, knee, knife, knight

**Silent W** (wr): write, wrong, wrist, wrap

1. In the word "knight", the letter "k" is silent.

[ True / False ]

2. The word "wrist" begins with a strong /w/ sound.

[ True / False ]

3. In the word "climb", the letter "b" at the end is silent.

[ True / False ]

4. The letter "l" is clearly pronounced in the word "walk".

[ True / False ]

5. The word "wrong" starts with a silent "w".

[ True / False ]
