

Addition of three or more numbers

Mrs. Clark works in her kitchen all morning to prepare for a birthday party.

1. She baked 10 oatmeal cookies, 8 chocolate cookies, 5 sugar cookies, and 6 cupcakes. How many cookies were there in total?
2. Mrs. Clark made 12 slices of cheese pizza, 6 slices of pepperoni pizza, 5 slices of mushroom pizza, and 8 slices of veggie pizza. How many slices of pizza did she make in total?
3. There were 6 glasses of lemonade in the fridge. Mrs. Clark made 8 more glasses of lemonade, 10 glasses of apple juice, and 5 glasses of grape juice. How many glasses of juice and lemonade were there in total?
