

Length (metric units)

Maya has three ribbons: a red one that is 12 cm long, a blue one that is 28 cm long, and a green one that is 8 cm long.

1. Which ribbon is the shortest?
2. Compared to the shortest ribbon, how much longer is the longest ribbon?
3. Maya's craft box is 18 cm long. Which ribbon cannot fit straight inside her craft box?
