

Addition Word Problem

Addition

It is almost Christmas. Leo and Mia are decorating the Christmas tree.

1. Their plastic Christmas tree comes in 3 parts. The bottom part has 7 branches, the middle part has 5 branches, and the top part has 3 branches. How many branches are there in total?
2. They have 8 blue ornament hooks and 7 green ornament hooks. But 3 of the blue hooks are bent and cannot be used. How many usable ornament hooks do they have in total?
3. Last week, they bought two boxes of star ornaments. Each box has 5 stars. Together with the 6 stars they saved from last year, how many stars do they have in total?
